

Sycamore Valley Elementary **SHARK BITES**

Message from Sylvie Bullard - Principal March 24, 2022

Dear Sycamore Community,

REMINDERS

Spring Break - No School = April 4th -8th

Spirit Week

What a fun week it has been! The kids have done a great job dressing up with all the themes from favorite vacation spot to class colors, the participation and school spirit has been amazing to see! The fun activities after school have been so fun. Thank you to Meghan Gates and her team for making sure our Spirit Week was a success.

Bid to Support our Kids

As you know, this week is our Online Auction, filled with hundreds of amazing items on which to bid. The online portion of our auction goes from 3/21-3/27. Our in-person auction will take place this Friday, March 25th. It should be an incredible evening! We are so thankful to everyone who helped make our auction a success, especially Katerina McCormack, Jenna Mesic, Christine Hoffman, Lauren Ghio and Alison

Stracke. You are all amazing!

Professional Development Day

This Tuesday while our students headed out of school early, our teachers were hard at work, diving deep into their PLC work. Our teachers worked on areas such as Deep Learning, Positive Behavior Interventions and Supports, and Social Thinking. We are doing our continuous cycles of improvement, as we examine what we have done so far and decide whether to adopt, abandon, or adapt what we have tried so far.

Warmly,
Sylvie Bullard

Go Sharks!

## **Student Class Placement Form 22-23**

The Sycamore staff will be assigning students to classes for the 2022- 2023 school year during the month of May. Parents and students will be notified of teacher and classroom placement on August 8<sup>th</sup>, 2022.

Careful consideration is given to the class placement of each student. The primary factors considered in class placement are:

1. Current year's teacher assessment of the student's needs;
2. Input from support staff - resource, speech, school psychologist, reading specialists;
3. Class balance: academic performance, test scores, behavior, and boy/girl ratio;
4. Physical, medical, emotional and social development of the child;
5. Parent information regarding student's specific needs.

This form is not required, however if you believe your child has specific needs and/or excels in a particular type of classroom environment that the staff should consider when placing him/her, describe them below. Please do not request specific teachers. Letters

# Kids Are Talking

This week our Shark community is raising money through the auction Fund a Need to purchase a digital LED screen for the front of the school! Here's what our Sharks would like to put on the new sign. Visit [www.sycamore-auction.com](http://www.sycamore-auction.com) > Fund a Need to contribute, or raise your paddle at Friday's LIVE auction!

If you could put a sign at the front of the school, what would you want it to say?

**Ava**

I would say 'Believe', because I think it's really important when we're down on ourselves and when we need help from others.

**Kate**

I'd like to put birthday dates, like 'Happy Birthday Kate Today', because I think we should be able to celebrate birthdays so everyone knows.

**Jonathan**  
I would say that the teachers here at Sycamore Valley Elementary are the best!

**Megha**

I want it to say 'All are welcome.' I think that would make people happy and excited to come to school every morning

**Daivik**

I want it to say 'Go Sharks!'

Sharks are on the top of the food chain because that means that we're not afraid of anyone and that everybody's afraid of us 'cause we're the best at everything.

## SCIENCE LANGUAGE ART MATH

Students will find creative ways to complete several action transfers (kinetic energy) by using a variety of simple machines, thus combining to form a complex machine! This project applies the concept of a Rube Goldberg machine, which uses a complicated series of actions to simply move an object from one place to another, usually in a unique, fun, and indirect way. The project submission and showcase will be held on **Monday, May 2nd**, after school. Project requirements have been emailed to those that signed up. See the [SLAM](#) website for project details.

**Science Fair:** Students will answer your most pressing scientific questions using The Scientific Method and present their experiment and findings in a tri-fold poster board presentation. This year's Science Fair will be held on **Wednesday, May 18th**, after school. Judging will be held that afternoon and prizes will be awarded for Creativity, Presentation, and Most Unexpected Results. The projects and awards will be on display in the library during the school's Open House on Thursday, May 19th. Project requirements have been emailed to those that signed up.
